

“WHO’s” got the news?

Mrs. Calmes' Newsletter

Week 5

Check out what's happening... This week we will begin our “Switch a Roo Groups.” These are skill groups that are created based on your child's academic need. The kindergarten teachers as well as the title aides teach these skill groups. I will be sending home a form later in the week letting you know what your child will be working on. We usually switch the groups every 3-4 weeks.

Content Updates...

Reading: This week we will be reading Miss Bindergarten Takes a Field Trip with Kindergarten and Officer Buckle and Gloria. We will be working on classifying and categorizing and will be reviewing the setting.

Math: In math we will work on representing numbers 6-10 with objects and will practice writing these numbers.

Phonics: Students will learn the phonics chants for the letters o, p, q and r this week. Last week I put your child's phonics ring in their pencil pouch. Be sure to practice these letters and sounds with your child. I will be adding more letters to their ring later in the week.

Social Studies: In social studies we will be learning about community workers and how they help us.

Dates to give a HOOT about...
October 14th Picture day

"WHO's" got the news?

Reminders...

- Please make sure your child is not bringing any toys to school.
- As the temperatures begin to drop, please make sure your child is dressed appropriately for outdoor recess.
- Please be sure to complete all portions of the homework. The reading log is an important part of the homework.
- Please make sure you label anything you send in with your child, so if they misplace it we can get it back to them.

Follow me....

Follow me on twitter @ mrscalmes_nw. I am hoping to post updates a couple of times a week and include pictures of what we are working on .

Who, who, can?

These are the I can statements we will be working on this week.

I can write and identify numbers 1-10.

I can name the uppercase and lowercase letters.

I can identify a person in the community and name how they help us.

I can identify words that begin with the same sound.

Math Tip: Paint or hair gel in a Ziploc bag makes writing numbers and letters a lot more fun! Give it a try sometime. We did it last week and the kids loved it!

Activity Schedule

Monday: Music
Tuesday: PE
Wednesday: Library
Thursday: Art
Friday: Music
